Dear Robin:

Our Treasurer, Gaius Merwin, passed on a dues notice from you asking me who you are. Neither he nor I have a record of your name. Apparently, a member gave you the dues notice.

Enclosed is a Merwin Family Record Form. Please complete this for your immediate family and return it to me. I also need your line back to a Merwin that I can identify as a descendant of Miles[1] Merwin. Since your middle name starts with "M", your connection is probably the name of your father.

Upon receipt of this information, we will welcome you into our Association.

Charles Thomas Witter worked in a saw mill in Salem, IN, and did some farming. He moved his family to Rantoul, IL, and Charles together with his sons, Reid and Carl, farmed a section of land on shares. In 1916, the family removed together with sixteen other families to Elwell, MI. A realtor had come down and sold the people on the opportunities in Michigan. They leased a box car to move all their furniture and household goods. The farm in Michigan was not productive and covered with rocks. Charles traded the farm for three houses and a couple of lots in Alma, MI. His efforts at being a landlord were not successful. During World War I, the family worked at Republic Truck Co. which produced trucks for the Army. After the war, Charles bought a grocery store and Carl ran the meat market. Reid removed to Los Angeles, CA, by driving a 1918 Dodge sedan. Carl and a friend built the first radio in Alma. The family had a radio and were the envy of the whole town. Crowds gathered in the yard when Carl attached a loudspeaker to the radio. About 1922, Charles and his wife sold their store and removed to Lansing, MI, where he worked as a janitor for Motor Wheel Company. They returned to Alma for work at Lobdell Emery plant that manufactured bicycle wheels and wooden steering wheels for deluxe automobiles. Mrs. Witter worked at the same plant sanding flaws out of the

Dear Cousin Daniel:

Thank you for your family record. Enclosed is a rough draft of your family entry as we now have it. Please give me any needed correction. Notice we still need your date and place of marriage.

Please reply by April 10th at the latest since we are closing the manuscript.

You base your theory that your Murwin ancestors came from Ireland on an undocumented statement in the Barlow genealogy. No reference is given. We know that Epephus Murwin was born in Easton, CT, 11 Jan 1747 and Molly (Adair) Murwin was bap in Greenfield, CT, 12 Jan 1747, a dau. of James Adair. This is recorded in Families of Fairfield, v.2, p.p.299 & 646. This information is shown on p. 71 of Volume I, The Merwin Family in North America which entry leads back five generations to Miles [1] Merwin, our immigrant ancestor.

It is entirely possible that James Adair came to America from Ireland, but the birth of Epephus in Connecticut is well documented.

Dear Mr. Murwin:

We are in the process of writing Volume III of The Merwin Family in North America and we recently discovered that you are descended from one Miles Merwin (born 1623) despite the difference in spelling of the family name.

We would like to include you and your family in the genealogy. In order to do so, would you please fill out the enclosed family record form and give us a brief biography of you and your spouse along the lines suggested below?

Please understand this is not a scam and there is no cost or obligation on your part. We only want to include all known descendants of Miles in our genealogy. If you wish to buy a copy of the book when it is published later this year, you may, but that is entirely up to you.

May I have your parent's address? Would like to contact them.

SUBJECT: Genealogist's Report

1- Preparation of Volume III
Today I am turning over to Charles Merwin the draft of Volume III containing 328 pp of text so that he may edit and proof-read it. The Introduction is still to be written, and the index of names must be added when the manuscript is completed. The Index for Volume II contains ninety-nine pages and the Introduction nine pages. Thus the final manuscript will contain approximately 436 pages. In Volume II, the eleventh, twelfth and thirteenth generations took 287 pages. In Volume III, the same generations are expanded but fill only 191 pages. The reason for this apparent contradiction is the fact that Vol. I was written with each line 1-1/2 spaces apart. Volume III is single spaced. Thus, we have conserved space and the final manuscript will be about 440 pages instead of 957.

I have obtained a quotation from Port City Press to print Volume III. Attached is that quotation developed for 400, 500 and 600 copies. We must decide the quantity to have printed and the per copy cost.

2- Volume III Completion
I have contacted virtually all people possible to get up-date information. Unfortunately, there are many people I have been unable to get information from because of one of the following reasons:

a. Mail addressed to the address in our files was returned as undeliverable. Effort was made to contact syblings or parents by mail primarily and, in some cases, by telephone.
b. People never answered a letter in which case I wrote a second which was not answered.

A number of things contributed to our failure to obtain some up-date information. One is the increasing divorce rate. If the Merwin is a male and has been divorced, he is not interested in family matters even to the extent that he has no interest in, or does not know, the location of his children. Another is the fact that an increasing number of persons are co-habiting without getting married. Also, many are deferring marriage to complete long years of schooling or engaging in a career. The married children of eleventh generation female Merwins shown in Vol. II are less interested than their mothers particularly when you explain that they must join our Association to have their families in the book. Despite these problems, I feel we have done the substantial part of the job. You can see evidence in the two previous volumes of persons who would not give information. It is just that this is an increasing trend.

3- In October 1989, we published a new Association booklet. On advantage of this one over the new one is it contains fewer pages than the previous one and is, therefore, lighter. The postage to mail new members their welcoming letter together with a copy of Milestones, the address list and the Associaton booklet was $1.25 in the USA is now $1.05, a savings of $.20. or 16%.

Dear Cousin Susan:

Thank you for your family record sheet. A copy of your entry for Vol. III is enclosed. Please give me any needed correction.

Just in case you would care to join our Association, I am enclosing a dues form. I think you would enjoy membership. We issue three newsletters called Milestones each year. In it, we give notices of the births, deaths and marriages which occur within the family and articles of interest to Merwins/Murwins. The next issue will have an article about the Murwins in Wisconsin and notice about our annual reunion to be held in Milford, CT.

Dear Cousin Susan:

As I promised yesterday on the phone, here is information which satisfies my feeling that you and I are both descended from Miles [1] Merwin (1623-1697).

First, I enclose a copy of p. 71 of our family genealogy published in 1978. This shows James Adair Merwin son of Epaphras. Note the references given.

Second, there is enclosed an excerpt from the Barlow genealogy which mentions James Adair son of Epephas and Mary (Adair) Merwin b. in Ireland. However, if you refer back to the MFNA entry, it refers to Epaphras and Molly (Adair) Murwin as parents of James Adair Murwin. As you know, Molly is one version of Mary. MFNA shows that both of these parents were b. in Connecticut.

You will note that there is no reference source given for the Barlow statement. The reference on the Epaphras Merwin entry in MFNA is v.2, p.299 & 646 Familes of Fairfield (CT) and Dimon Gen. 1891, pp.143-44..

Then enclosed is a draft of the entries showing George Merwin and his descendants through the tenth generation including Oliver Thomas Murwin (4224-14). Note the + sign means that person had children and is shown in the next chapter which in this case is the eleventh generation chapter. Also included are persons in the eleventh generation together with their children including you as 6470-07 Susan Kay, dau. of William George. I also have a few of the children in the twelfth generation who are married and have children.

So there you have it. I will be eager to learn whether you agree with me and that we are truly cousins.

Lastly, enclosed is a Merwin Family Record sheet filled out with the little information I have about you and your family. Please complete this and give me a brief biography of you and your husband along these suggested lines:

There would be no Miles Merwin (1623-1697) Association, Inc. without Miles of the Virgin Islands and Milford, CT. It was Miles who had the vision to take the lead in calling a group of Merwins to meet in New Haven, CT, on 7 Dec 1957. Some twenty-five Merwins from eastern United States and Canada responded to this call.

The primary purpose motivating Miles in assembling this group was to obtain backing for his desire to preserve the tombstone of our immigrant ancestor, Miles Merwin, 1623-1697, in the Milford Cemetery which was becoming badly worn by the elements. The group quickly endorsed this project, and then proceeded to organize a family association which has continued to this day, holding annual reunions, issuing a newsletter and historical pamphlets, and preparing and publishing two volumes of a genealogy, THE MERWIN FAMILY IN NORTH AMERICA, which traces the descendants of our immigrant ancestor. Miles may not have realized how far-reaching his gathering together of his Merwin cousins would be.

Miles was not only the founding President of the Association, but he was also an ardent supporter of it, attending every Directors meeting and annual reunion until failing health intervened. A successful business man, he had a strong Christian faith and was deeply involved in philanthropic and religious activities. A devoted family man, his six children are all active supporters of the Association. He was an inspiration to those of us who worked with him, and his example of kindness, thoughtfulness, and wise leadership will live in our memories. (Written by Charles L. Merwin of Washington, DC; this resolution adopted by the Board of Directors of the Miles Merwin Associatrion, New York City, NY, 8 Dec 1984; Milestones Jan 1985).
